

Cross-Campus Learning

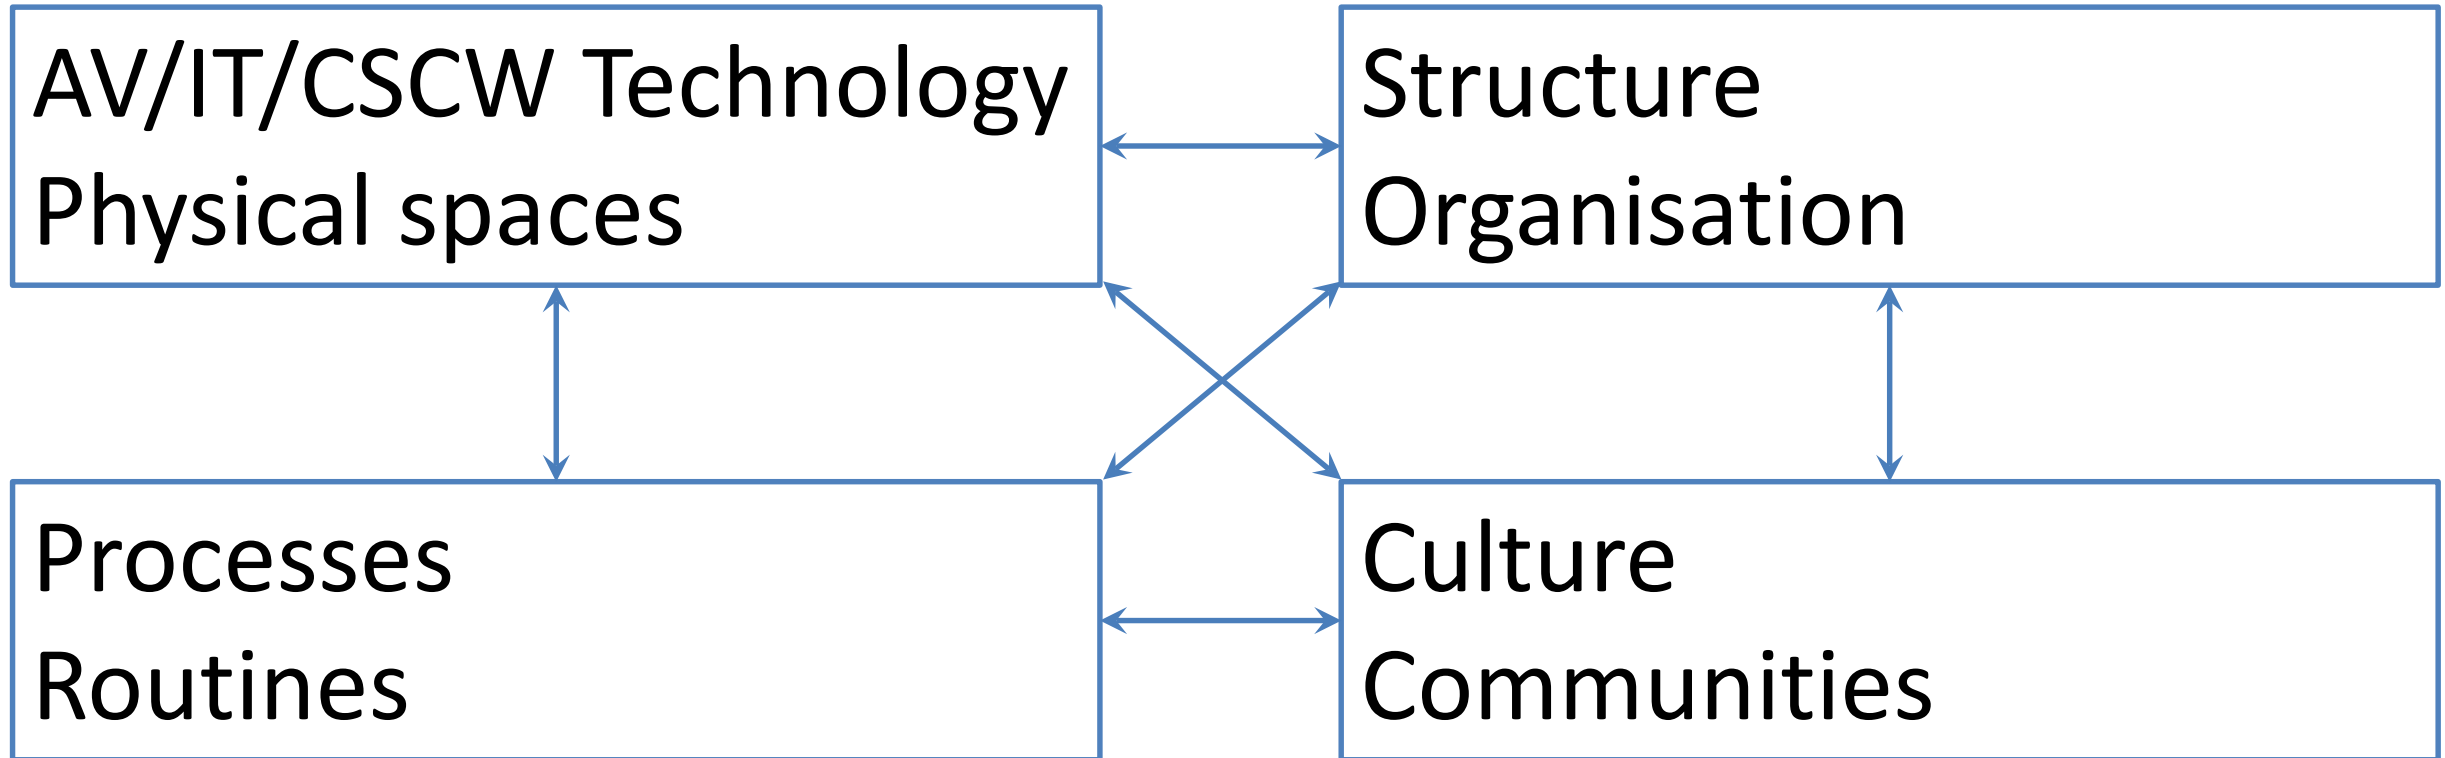

CoPCSE@NTNU Meeting, Oppdal, Nov. 2018

**RECORDING
IN PROGRESS**

What We've Learned so far

- We are currently real amateurs:
 - Technically
 - Organisationally
 - Pedagogically
- Local teaching staff is needed to lead the learning activities at each campus:
 - Handling cultural differences
 - Addressing student questions and concerns
 - Creating a local learning space
- Technical support is needed
- Preparation, preparation, preparation
- Redesigning the course completely rather than offering it cross-campus "as is"?

A Socio-Technical Model

Key Questions

- Why are we going cross-campus?
- How to organise cross-campus learning activities?
- How to establish cross-campus teaching groups?
