

SUMMARY OF CHANGES

TABLE OF CONTENTS

1. RULES AND BUILDING CODE COMPLIANCE CHECKLIST

1.1. Project summary.

2. CONTEST SUPPORT DOCUMENT

2.1. Architecture Design Narrative

- 2.1.1 Architectural concepts
- 2.1.2 Summary of reconfigurable features
- 2.1.3 Lighting design narrative.

2.2. Engineering and construction Narrative

- 2.2.1 Structural design
- 2.2.2 Constructive design
- 2.2.3 Plumbing system design
- 2.2.4 Electrical system design
- 2.2.5 Photovoltaic system design
- 2.2.6 Electrical Energy balance simulation
- 2.2.7 Solar Thermal Design
- 2.2.8 Building integrated Solar Active systems

2.3. Energy Efficiency Design Narrative

- 2.3.1 Technical project summary
- 2.3.2 Appliances report
- 2.3.3 Comprehensive energy analysis and discussion report
 - 2.3.3.1 Section I - projected performance of final house design
 - Introduction
 - House and systems description
 - House and HVAC simulation
 - Results and discussions
 - Conclusions
 - 2.3.3.2 Section II - Influence on House Design and Competition Strategy
 - Influence on the house design
 - Influence on the HVAC system and optimization

2.4. Communications Plan

- 2.4.1 Introduction
- 2.4.2 Communications project
- 2.4.3 Public tour description
- 2.4.4 Team Visual Identity Manual
- 2.4.5 Sponsorship manual

2.5. Industrialization and Market Viability Report

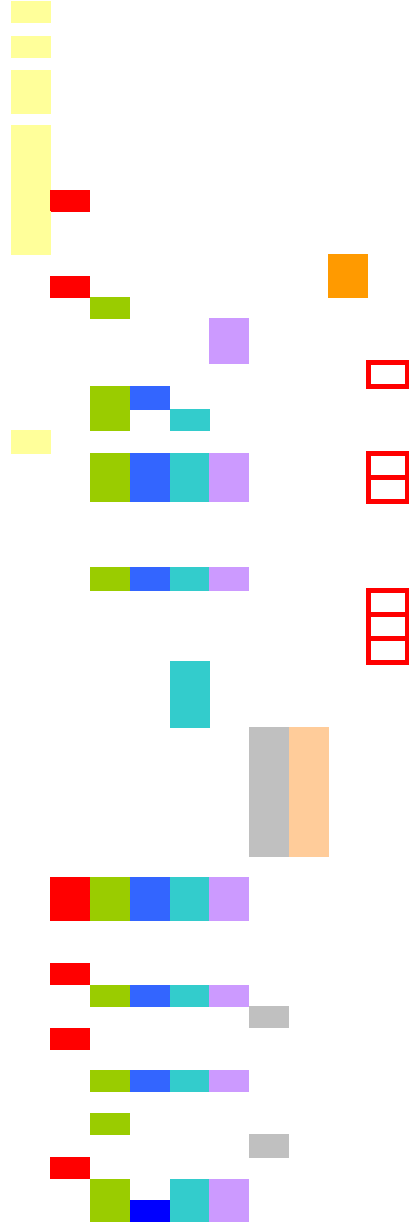

- 2.5.1 Design report
- 2.5.2 Construction report

2.6. Innovation Report

- 2.6.1 Innovation in Architecture
- 2.6.2 Innovation in Engineering and construction
- 2.6.3 Innovation in Energy efficiency
- 2.6.4 Innovation in Communication and Social Awareness
- 2.6.5 Innovation in Industrialization and Market Viability

2.7. Sustainability Report

- 2.7.1 Introduction: sustainability concept applied
- 2.7.2 Bioclimatic strategies: Passive design strategies
- 2.7.3 Water
- 2.7.4 Solid Waste
- 2.7.5 Materials
- 2.7.6 Solar Facilities
- 2.7.7 Equipment

7. DINNER PARTY MENU

5. CONTEST WEEK TASKS PLANNING.

6. COST ESTIMATE AND PROJECT FINANCIAL SUMMARY

- 6.1. Business and fund raising
- 6.2. Cost estimate

7. SITE OPERATIONS PLAN

- 7.1 Introduction
- 7.2 General Data
- 7.3 Site Operations Team Coordinator
- 7.4 Outside Logistic. Villa Solar
 - i. Phase description
 - ii. Transport
 - iii. Heavy vehices circulation
- 7.5 Inside Logistic. Approximation
 - i. Phases description
 - ii. Deciding factors
 - iii. Infrastructures
 - iv. Waste management
- 7.6 Load / Unload
- 7.7 Assembly / Disassembly
- 7. 8 Timeline. Trucks and machinery needed entrance times, order, unload, interval between vehicles and assembly times associated.
- 7.9 Site Operations Chart (Teams must fill in this file, available in the SDE WAT).
- 7.10 Assembly & Disassembly Chart

8. HEALTH & SAFETY PLAN

9. DETAILED WATER BUDGET

7. ELECTRIC AND PHOTOVOLTAIC CHART

10. CONSTRUCTION SPECIFICATIONS

- 10.1 Structure
- 10.2 Foundation
- 10.3 Structural floors and sections
- 10.4 Architecture
- 10.5 Enclosure
- 10.6 Openings
- 10.7 Partitions
- 10.8 Finishes
- 10.9 Appliances
- 10.10 Furnishings
- 10.11 Systems Installations
- 10.12 Fire Suppression
- 10.13 Plumbing
- 10.14 HVAC
- 10.15 Electrical
- 10.16 Solar Systems – Photovoltaic and thermal
- 10.17 Telecommunications and Building Automatization

10. STRUCTURAL CALCULATIONS
