Dear work package member,

All partners of S-TEAM are involved in many different activities to disseminate IBST widely.

With regard to the formative assessment of S-TEAM WP 9 developed a short questionnaire to assess workshops and training activities within S-TEAM. We kindly ask you to use this questionnaire in case you provide a workshop/training. Please, forward this letter also to partners who are providing workshops or trainings. That would enable S-TEAM to cover information of all activities that took place and to present a more comprehensive view of dissemination activities of S-TEAM.

After the workshop please send the filled-in questionnaires back to us:
