

DT 8101 IT Topics 2015

Rune Sætre

www.idi.ntnu.no/~satre

Based on slides from Eric Monteiro

Me (private & work)

- Rune Sætre: Associate Professor (IDI)
- Family: Gift med Yuko fra Japan. Far fra Mai 😊
- Hobbies: Skydiving, climbing, cycling, ...

- Focus: AI, Information Systems, Health Informatics

- Company Endors AS
 - <http://BusstUC.idi.ntnu.no>
 - <http://Fastlege.endors.no>

Aims

- Scientific **writing**, review and presentation
- Research **methods** in CS/SE/IS
- Literature **reviews**
- Overview of field through the lens of **IDI**
- **Community** building
- Organize **conference**

Motivation

- Why become a **PhD**?
- What does it **entail**?
- Short vs **long** term
- individual vs **collective**

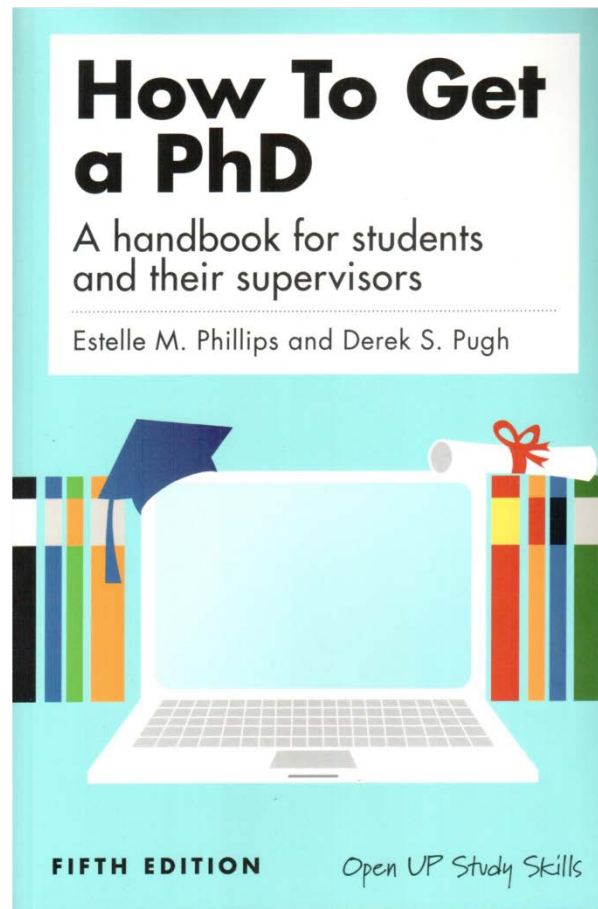

Challenge

- You – and IDI, the field – **heterogeneous**
- Varied background/ **experience** (e.g. methods)
- **Not** a supplement to thesis supervision!

Expectations?

- Yours?
 - Questionnaire
- Supervisor(s)?
- Mine?
 - Attendance (5 of 7), engagement, assignments
- Some **flexibility** to modify as we go along

Loong journey

Conference

- 21 May
- Present your **papers**
- **Invite** outsiders (= supervisors, fellow students, interested ones, ...)
- You run the **whole** process
 - Web announcement/ CFP
 - Set up system to submit, reviews (Easy-chair?)
 - Recruit reviewers

Assignments, groups

- Break out **2** groups, **heterogeneous**
- Some (RQ, lit rev, method) your own, but discuss first in group.
- Upload assignments to Wiki
